This unit

The Endress Hauser 50093554 is a 10 meter remote cable engineered for bidirectional data and power transmission in industrial measurement systems. It delivers reliable signal integrity across distributed instrumentation networks while maintaining low conductor resistance and controlled capacitance characteristics. Technical Specifications Manufacturer Part Number: 50093554 Cable Length: 10 meters Construction: 6 × 0.38 mm² PVC jacket with individually screened cores and common overall screening Conductor Resistance: ≤ 50 Ω/km Capacitance (core-to-screen): ≤ 420 pF/m Key Features Dual-function design supports simultaneous data signaling and power delivery Individual core screening minimizes cross-talk and EMI coupling in multi-conductor configurations Common outer screen provides additional noise rejection in industrial electrical

environments PVC jacket material rated for standard industrial duty cycles Typical Applications Remote monitoring and control of mass flow measurement systems Extended connectivity between distributed transmitters and control nodes Industrial process instrumentation requiring separation between sensor and display/controller units Compatibility & Integration Designed specifically for Endress Hauser Proline Promass 80A and 83A series Coriolis mass flow measuring systems. Integrates with Endress Hauser instrumentation requiring remote cable connectivity. Compatible with measurement networks demanding reliable long-distance signal transmission without signal degradation.

50093554 Characteristics / Specifications

PARAMETER	VALUE
Model	50093554
Brand	Endress Hauser
Catalog Title	Endress Hauser 50093554 Remote Cable
Sku	50093554
Product Class	cable or lead accessory
Listing Status	published catalog item
Document Class	accessory or spare identity sheet
Numeric Table Status	no public OEM numeric table for this exact SKU
Identity Source	Aumictech product catalog listing
Parent System	as named in the catalog title
Form Factor	accessory or spare hardware
Use Role	replacement or configuration accessory
Electrical Limits	not published for this SKU; see parent instrument datasheet
Mechanical Limits	not published for this SKU; see packing list or faceplate
Interface	as implied by the catalog title and parent family
Configuration Code	50093554
Manufacturer Line	Endress Hauser
Documentation Note	thin accessory sheet
Calibration Class	notastandalone calibrated instrument unless the title states otherwise
Replacement Class	catalog spare or accessory
Public Spec Density	identity only

Full OEM specifications

Complete technical content extracted from the manufacturer datasheet. Sparse OEM tables are reconstructed as tables below; other text is preserved as paragraphs.

performance table. The rows below are verified catalog identity from the product listing. Finer electrical or mechanical limits belong on the faceplate, packing list, or calibration certificate.

Applications

Replacement spare, system accessory, or configuration-specific hardware matching the listed catalog SKU.

Key Features

Catalog identity matched to brand, model, and SKU

Accessory or spare class rather than standalone instrument

No invented electrical performance numbers

Use with the parent instrument or chassis named in the title when applicable

Documented as thin because OEM numeric tables are not public
