JONATHAN ENGINEERED SOLUTIONS

Jonathan Engineered Solutions 110QD-24-B Medium Duty Steel Slides

The Jonathan Engineered Solutions 110QD-24-B is a medium-duty steel slide designed for solid and reliable drawer or tray movement. Featuring a quick-disconnect mechanism for easy drawer removal and installation, these slides are ideal for applications requiring frequent access and maintenance. Constructed from high-quality steel, the 110QD-24-B ensures smooth and stable operation under moderate loads. Suitable for various applications, from industrial enclosures to commercial storage systems.

This unit

The Jonathan Engineered Solutions 110QD-24-B medium-duty steel slides are engineered for applications demanding dependable and smooth linear motion. These slides feature a quick-disconnect mechanism, allowing for effortless drawer removal and re-installation, saving time and enhancing usability. Constructed from durable steel, they provide excellent load-bearing capabilities and resistance to wear and tear. a variety of settings, including industrial equipment,

commercial storage, and specialized cabinetry, these slides offer a balance of strength, convenience, and smooth operation.

110QD24B Characteristics / Specifications

PARAMETER	VALUE
Model	110QD-24-B
Brand	Jonathan Engineered Solutions
Catalog Title	Jonathan Engineered Solutions 110QD-24-B Medium Duty Steel Slides
Sku	110QD-24-B
Product Class	fixture, kit, or mechanical accessory
Listing Status	published catalog item
Document Class	accessory or spare identity sheet
Numeric Table Status	no public OEM numeric table for this exact SKU
Identity Source	Aumictech product catalog listing
Parent System	as named in the catalog title
Form Factor	accessory or spare hardware
Use Role	replacement or configuration accessory
Electrical Limits	not published for this SKU; see parent instrument datasheet
Mechanical Limits	not published for this SKU; see packing list or faceplate
Interface	as implied by the catalog title and parent family
Configuration Code	110QD-24-B
Manufacturer Line	Jonathan Engineered Solutions
Documentation Note	thin accessory sheet
Calibration Class	notastandalone calibrated instrument unless the title states otherwise
Replacement Class	catalog spare or accessory
Public Spec Density	identity only

Full OEM specifications

Complete technical content extracted from the manufacturer datasheet. Sparse OEM tables are reconstructed as tables below; other text is preserved as paragraphs.

performance table. The rows below are verified catalog identity from the product listing. Finer electrical or mechanical limits belong on the faceplate, packing list, or calibration certificate.

Applications

Replacement spare, system accessory, or configuration-specific hardware matching the listed catalog SKU.

Key Features

Catalog identity matched to brand, model, and SKU

Accessory or spare class rather than standalone instrument

No invented electrical performance numbers

Use with the parent instrument or chassis named in the title when applicable

Documented as thin because OEM numeric tables are not public
