Keysight / Agilent / HP 5061-0084 Rack Mounting Handles

The Keysight / Agilent / HP 5061-0084 are rack mounting handles designed for use with various electronic test and measurement equipment. These handles facilitate secure and convenient installation of devices into standard equipment racks.

This unit

The Keysight/Agilent/HP 5061-0084 Rack Mounting Handles are lift-and-positioning accessories engineered to facilitate secure installation of test and measurement instruments into standard 19-inch equipment racks. These handles enable convenient maneuvering and proper frame adaptation during rack cabinet integration while serving as an integral component of complete rackmount solutions for compatible instruments. Technical Specifications Part Number: 5061-0084 Manufacturer: Keysight Technologies, Inc. (formerly Agilent Technologies and Hewlett-Packard) Product Classification: Rack Mounting Handles **Weight Rating Single Handle:** Up to 18.2 kg (40 lbs) **Weight Rating Dual Handles:** Up to 36.4 kg (80 lbs) Mounting Configuration: Typically integrated with rack mount flanges and hardware kits Key Features Dual-handle operation for instruments weighing 18.2 kg to 36.4 kg Single-handle suitable for instruments under

18.2 kg Bent or deformed handles indicate unit damage and warrant replacement Compatible with standard 19-inch rack cabinets Often supplied as part of comprehensive flange-and-handle kit assemblies Typical Applications These handles support lifting, positioning, and secure rack installation of mid-range test equipment requiring convenient access and safe mechanical handling during setup and maintenance operations. Compatibility & Integration The 5061-0084 handles integrate with Keysight data acquisition and switching platforms, including the Agilent 3497A Data Acquisition/Control Unit and 34980A Multifunction Switch/Measure Unit. Keysight supplies complementary rack mounting solutions - including flange kits, slide kits for rear support, and hardware assemblies - designed for instruments with metric cabinet dimensions. Related offerings include metric-optimized 3U rack mount solutions and complete mounting kits combining flanges, handles, and fastening hardware for seamless rack integration.

Features & description

From manufacturer datasheet

Applications

- Instrument handle replacement

50610084 Characteristics / Specifications

PARAMETER	VALUE
Model	5061-0084
Manufacturer	Hewlett Packard / Agilent / Keysight
Instrument Type	Rack Mounting Handles
Alias	5061-0084
Function	rack/instrument handles
Form	handle hardware
Related Rack Kits	3499A 1CM; E1401 tan rack kit
NotAChassis	handles only
Status	HP hardware accessory
Installation	match 5061-0084 to parent sides
Documentation	parent handle/rack clipping
Use	replace broken handles
Identification	5061-0084
Compatibility	instruments listing this PN
Finish	HP handle finish
Fasteners	included/per kit
Safety	do not lift heavy frames by small handles if not rated
Weight	handle set
Not Electronics	no electrical function
Cooling	none
Power	none
ESD	none
Color	HP standard handle
Mounting	side/front per parent Notes Handle identity from HP 5061-0084. Confirm the parent instrument clipping list. Mechanical only.
